

FORESTRY TECHNICIAN

Iverson Forest Management Inc. is currently seeking several career minded, experienced, and driven **Forestry Technicians** to join our Vancouver Island team in the beautiful Cowichan Valley.

Established in 1990, **Iverson Forestry Management Inc.**, and has a proven track record in providing Forestry Consulting and Silviculture Management for multi-phase harvest solutions on Vancouver Island and the Lower Mainland. Today we offer a full range of Forest Engineering, Standing Stem Harvesting, Private Property Resources Management, and Fire Fighting services to Industry, Government, and First Nation Clients.

The successful **Forestry Technician** will be responsible for providing technical and supervisory expertise to our clients including:

- Creating engineering plans and designs
- Coordinating projects and reports
- Preparing proposals, site surveys and inspections
- GPS technical and analytical support and field services
- Strategic and operational planning

The ideal candidate will possess the following qualifications:

- Registered or eligible for registration, with the Association of BC Forest Professionals as a Forest Technologist (RFT) or Professional Forester (RFP)
- Forestry, natural resources or related engineering education and experience
- Working knowledge of provincial legislation, regulations and safety programs
- Experience maintaining effective relationships with clients and government agencies
- Field crew supervision and experience with forestry software and technology would be an asset

We are looking for an individual with a commitment to maintain a high level of safety, efficiency, quality and client satisfaction in all aspects of their work. This position may require some travel and the successful candidate must be physically capable of performing field work in challenging terrain and weather. We are seeking individuals who have:

- Excellent oral and written communication skills
- Enthusiasm and passion for both forestry and working outdoors
- A strong work ethic and ability to work with minimal supervision
- Great planning, organizational, skills with strong analytical and problem-solving skills

All applicants must have a valid driver's license, be eligible to work in Canada and be physically able to fulfill the demands of the field.

Iverson Forest Management Inc. is rapidly expanding. We offer competitive wages, a comprehensive extended benefits package and the opportunity for career advancement including:

- A mixture of field and office work with minimal overnight travel and the ability to return home each evening
- Opportunity for bonus and a professional development allowance
- A company culture that is fun, open and innovative with over 100 years of combined senior leadership experience and 25 years of building solid client relationships
- Opportunity to live and work in the beautiful Cowichan Valley
- Exposure to diverse full phase forest management
- Focus on growth, training, innovative thinking, problem solving
- Ability to positively impact public and private forests, communities, and the lives of British Columbians

If you want to work with a great team of motivated people, help grow the company and further your career please send your resume and cover letter to:

hr@iversonforest.com

We would like to thank all applicants for their interest; however, only those considered for an interview will be contacted. This posting will remain open until this position is filled.
